Clevertouchlive Users & Profiles

Creating a New User

1. Select Users for the Dashboard

2. Select Create new user

3. Fill out the form then select create

The screenshot shows the 'Create Guest User' form in the Clevertouch dashboard. The form has the following fields and buttons:

- Name: Tom Nunley
- Email: tomnunley12@gmail.com
- Password: [masked]
- Password confirmation: [empty]
- Profile picture: [button]
- Create: [button, circled in red]
- Cancel: [button]

4. Select user profile from the configure user's screen

The screenshot shows the 'Configure users' screen in the Clevertouch dashboard. A green notification bar indicates 'Guest user was successfully added.' Below is a table of users with a 'Create new user' button and a table of existing users. The user profile icon for 'Tom Nunley' is circled in red.

Using 6.18 MB (0% of 2 GB)

✓ Guest user was successfully added.

[Create new user](#)

USER	LAUNCHER	MOBILE INTERFACE	
Tom Nunley	Device specific	Standard	   
sarah nunley	Tree with sidebars	MA-003	   

- The following screen allows you to get a profile picture, change the password and make the user obtain admin privileges

Save **Cancel**

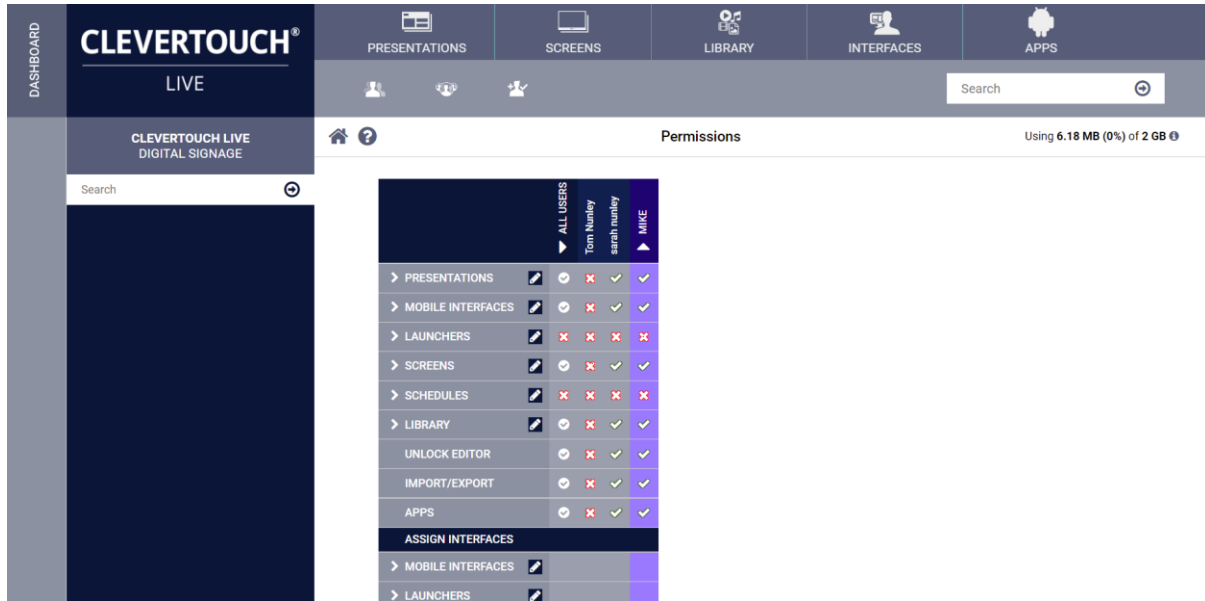

Permissions Editor

1. Select the permissions editor icon

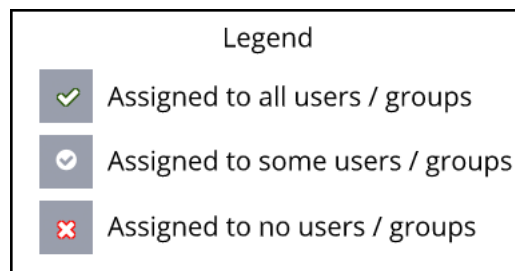

2. Select the arrow underneath all users to see all the users

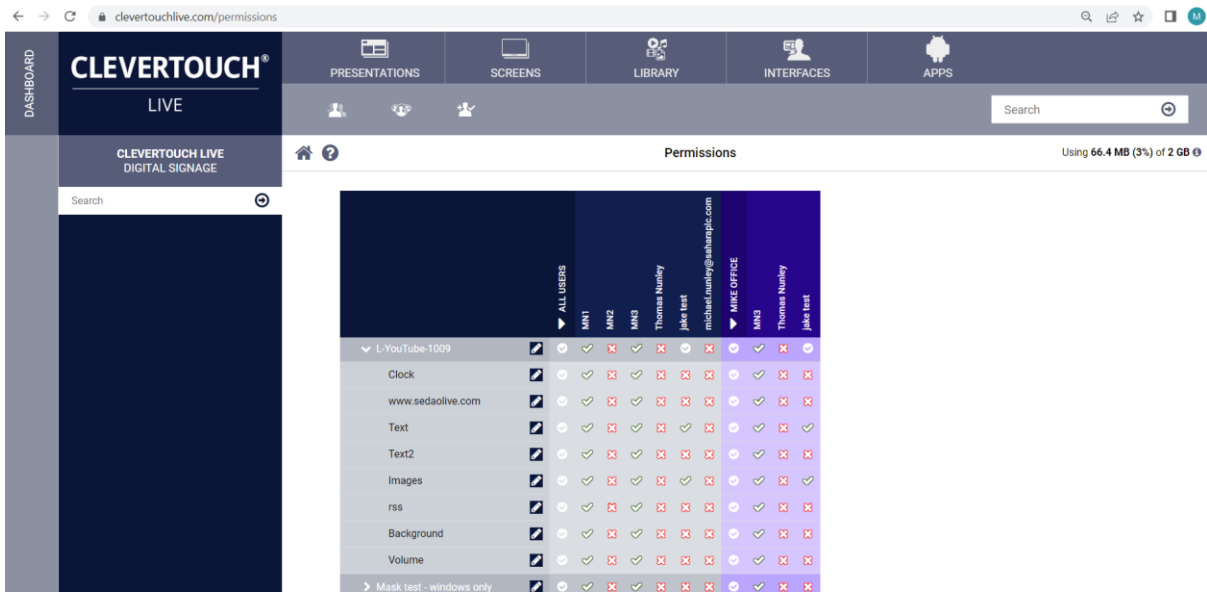

- Decide on what the users can edit by checking the appropriate item, this will then determine whether the user can edit presentations, mobile interfaces, launchers, screens, the ability to setup schedules, use the edit feature by checking the unlock editor. Presentations can be imported or exported from different accounts by checking the import/export box, apps will be seen to the user if the apps box is checked.

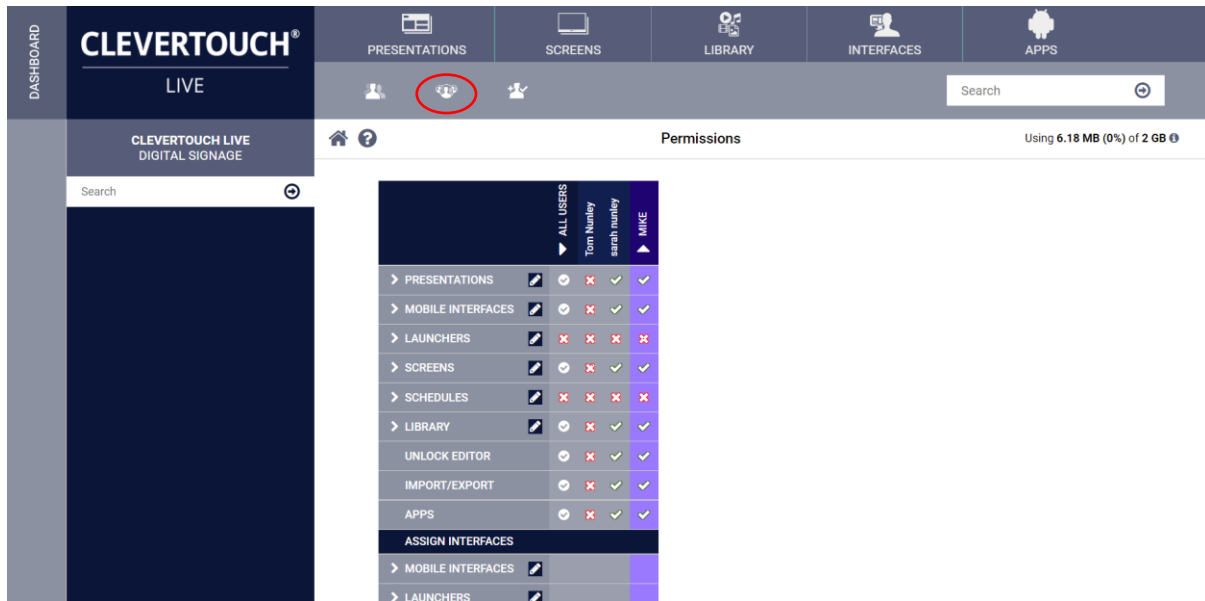

- The permission system grows with the user account, this means that when the account is created the permissions system looks empty. When content is added to Presentations, Library, Launchers etc, permissions can be assigned to them.

The following screenshot shows multiple users, groups (denoted by a different colour) Selecting the arrow next to the presentation will open up the different zones, admin can now decide which zones the user can edit.

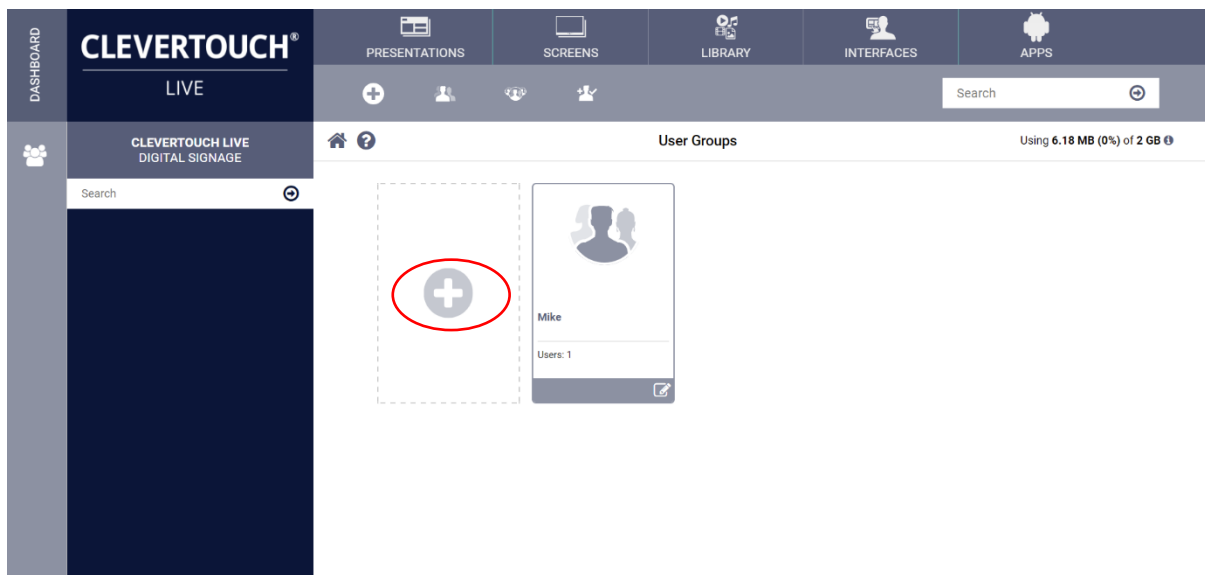

Manage User Groups

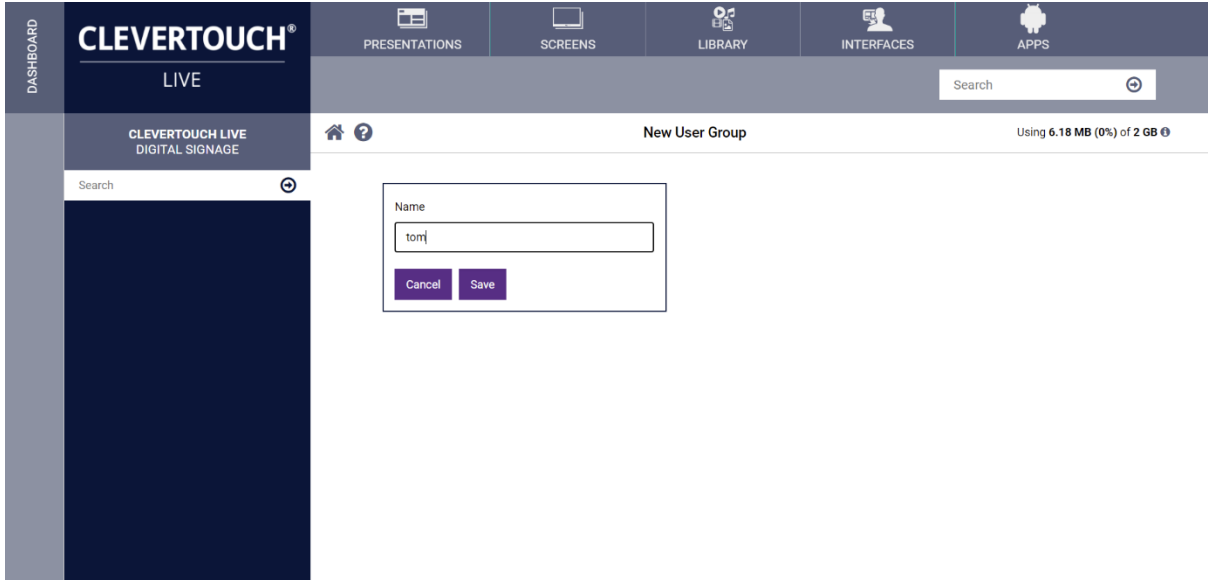

1. Select manage user groups

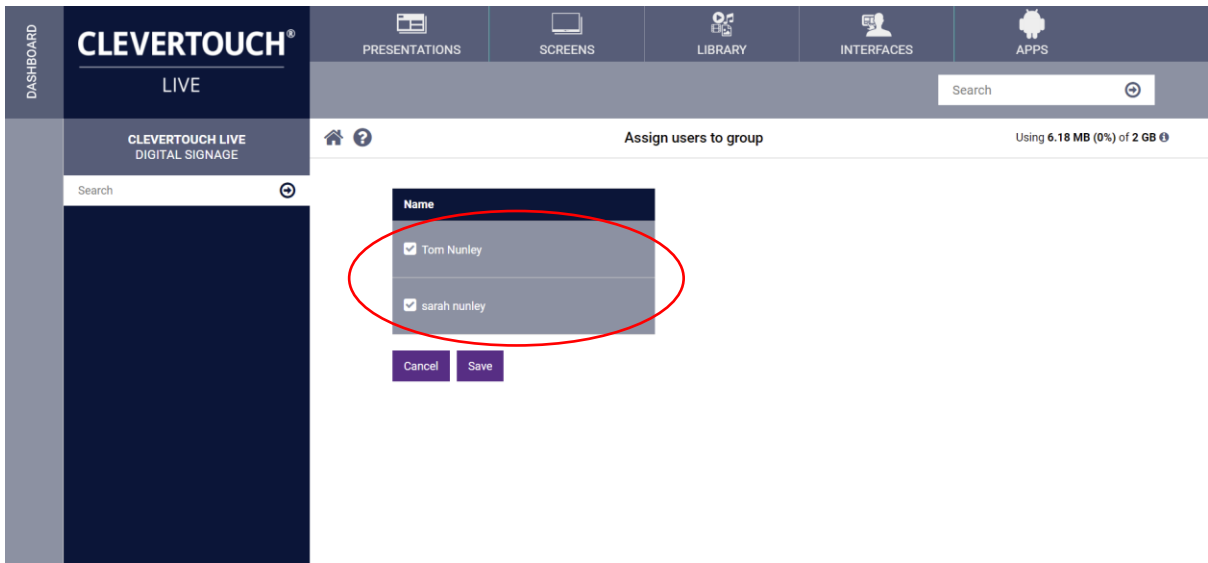

2. Select plus to create the new group

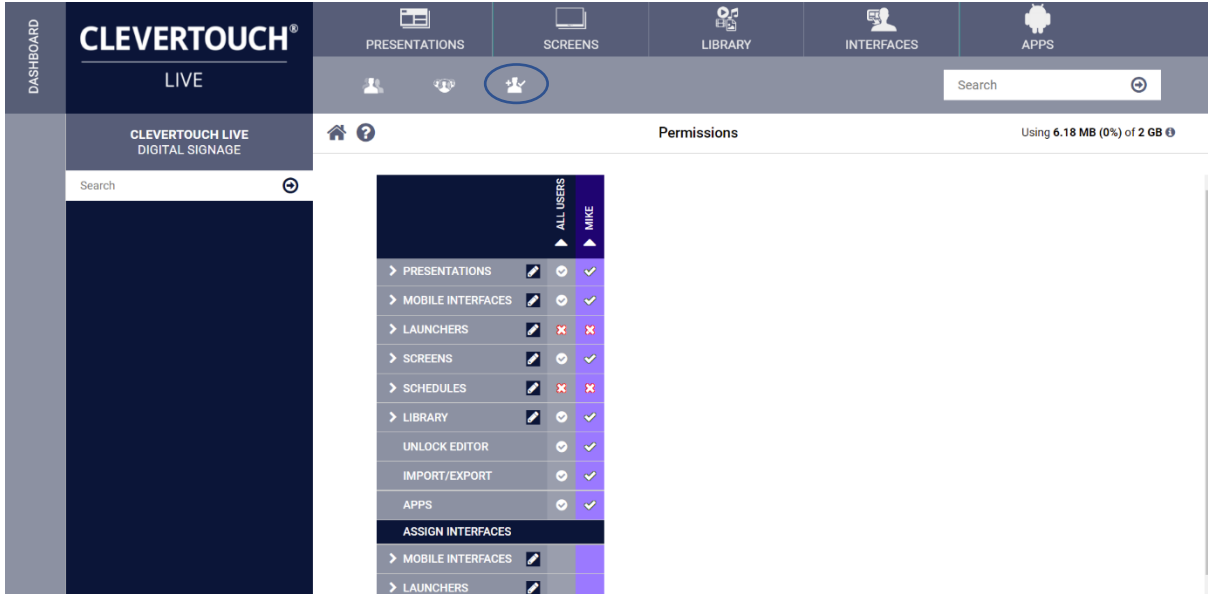

3. Name the group and select save

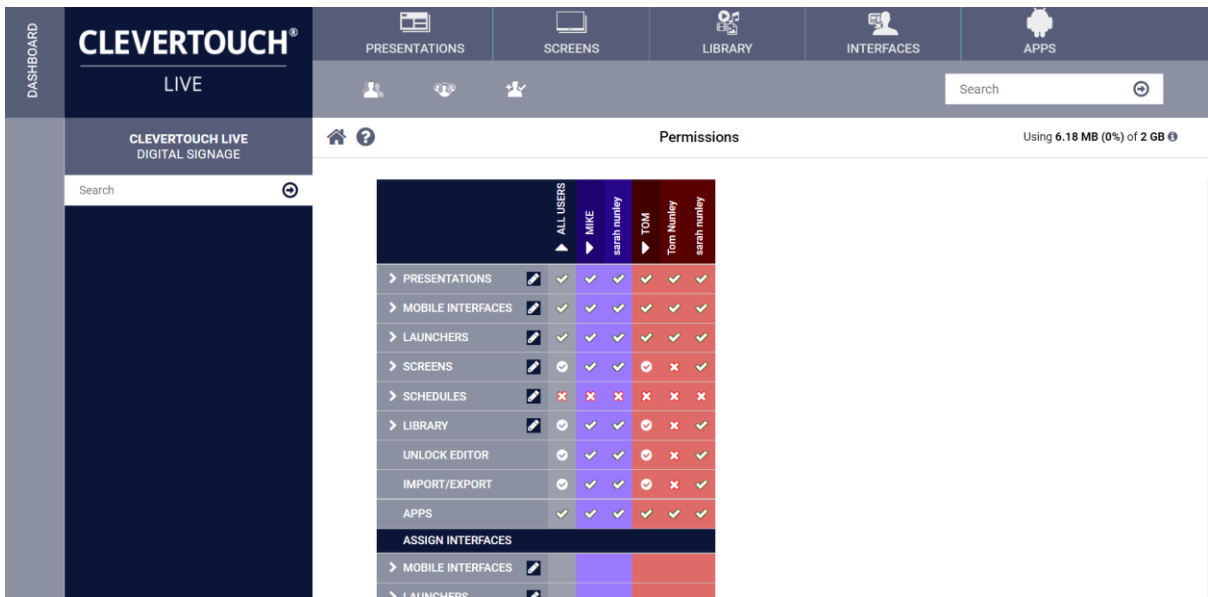

4. Assign users to the group by selecting the names, select save

5. Select the permissions editor

6. Select the arrow under the groups to expand and see the users assigned to the group.

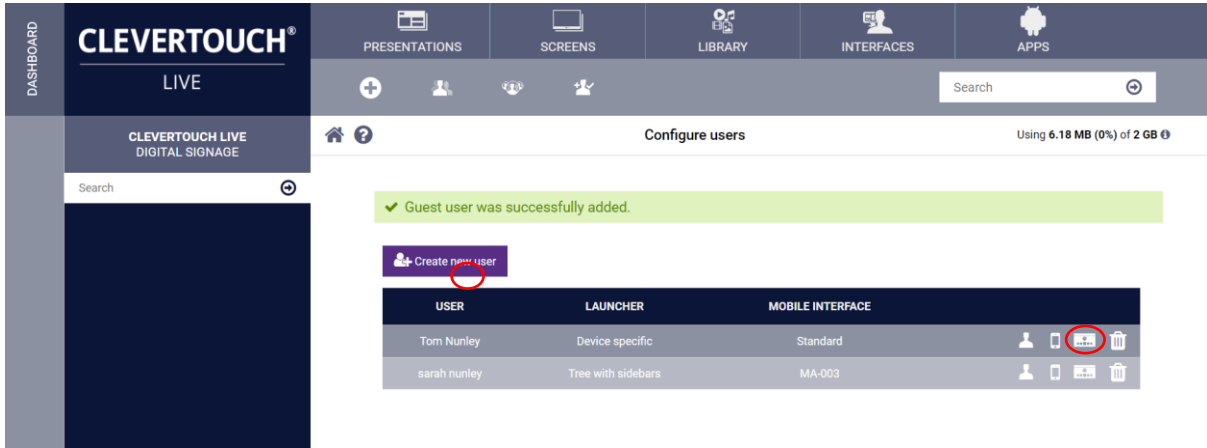

Legend

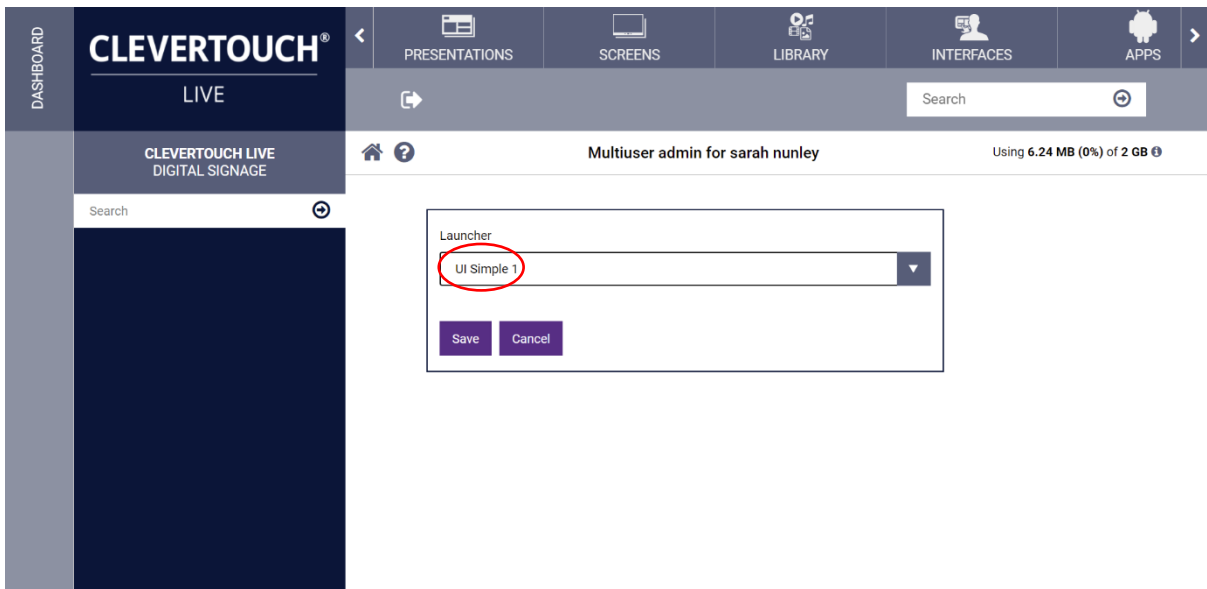

- Assigned to all users / groups
- Assigned to some users / groups
- Assigned to no users / groups

Assigning a Launcher

1. Select Assign launcher

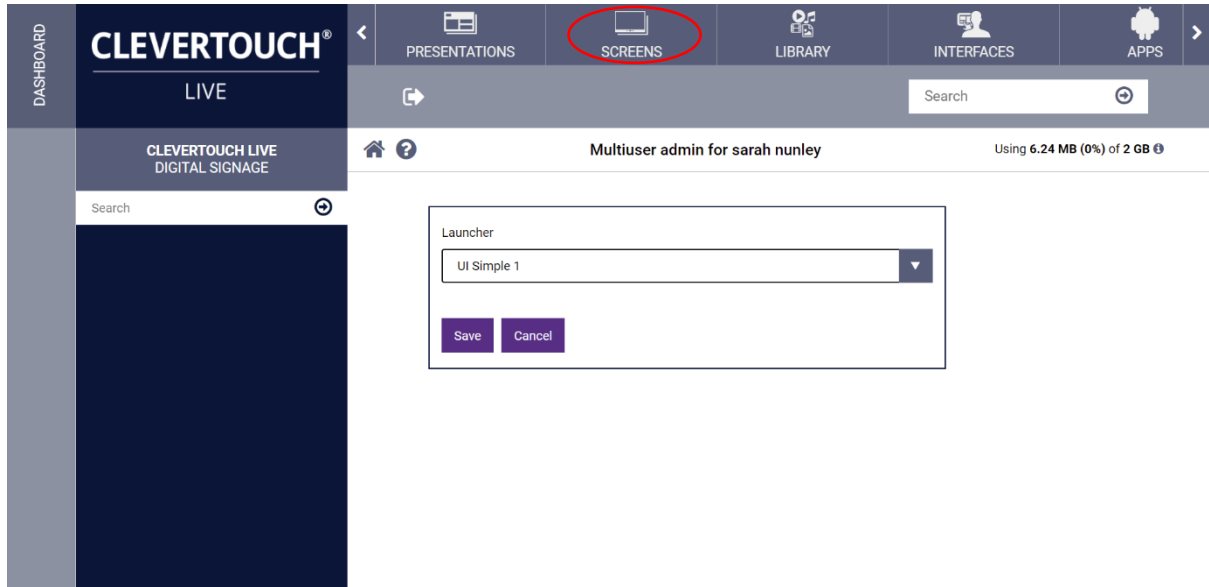

2. Select the launcher from the drop-down menu, click on save

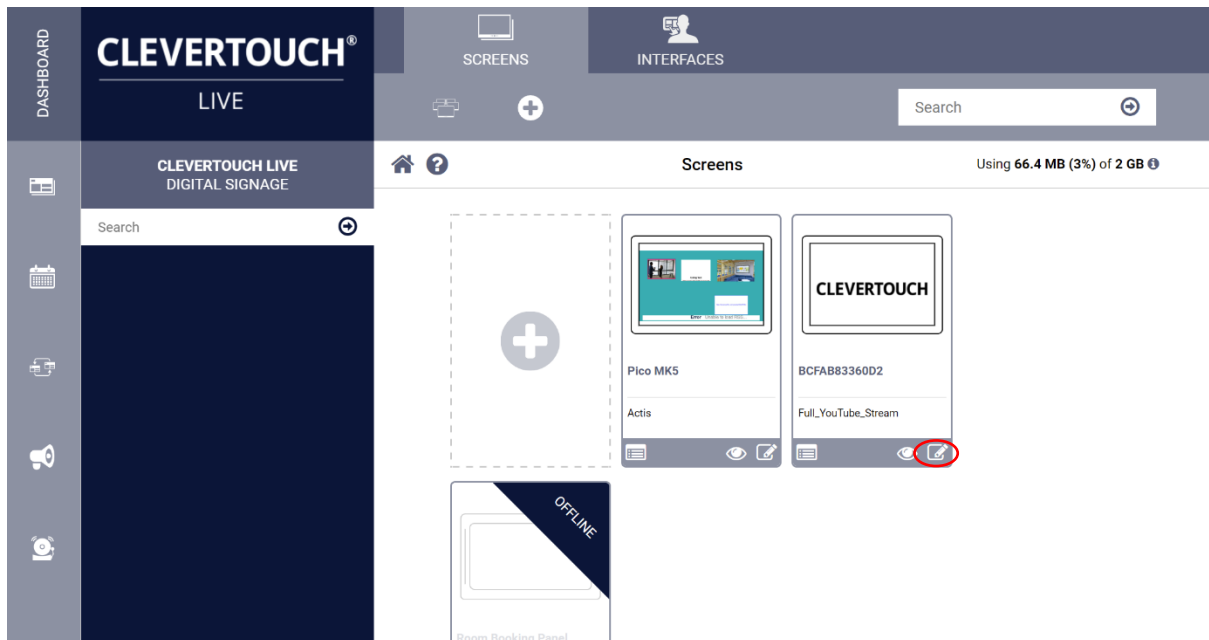

Enabling Multi-User

Note: when you check the multiuser box this enables multiple users to sign into the launchers on the Clevertouch screen

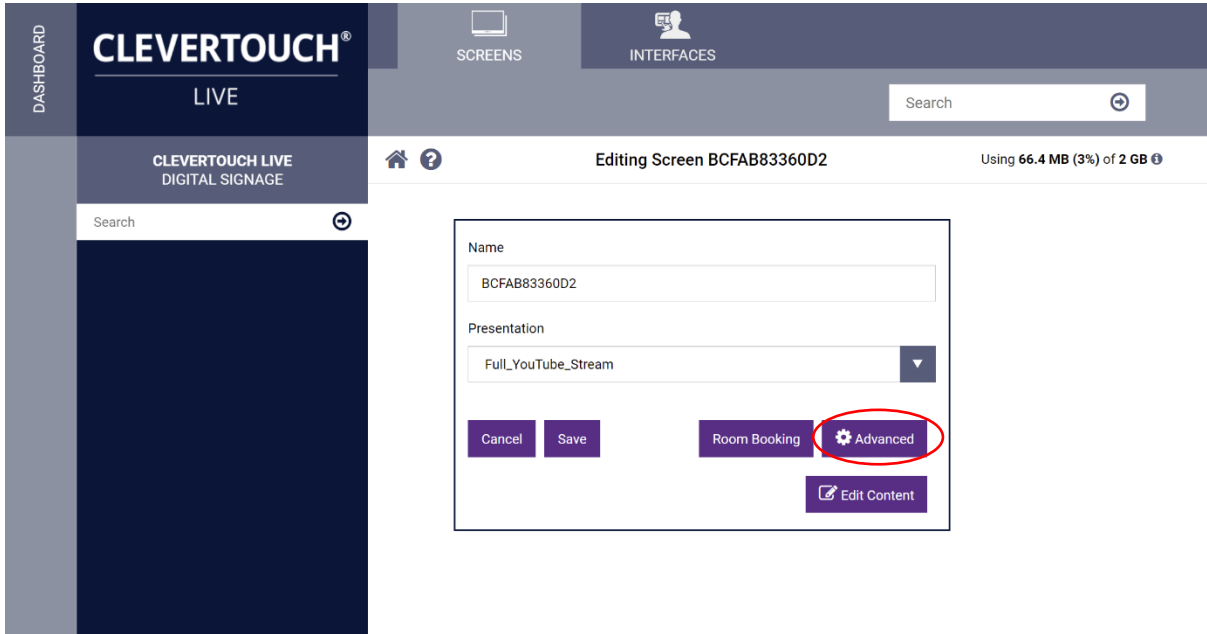

1. Select the screens tab

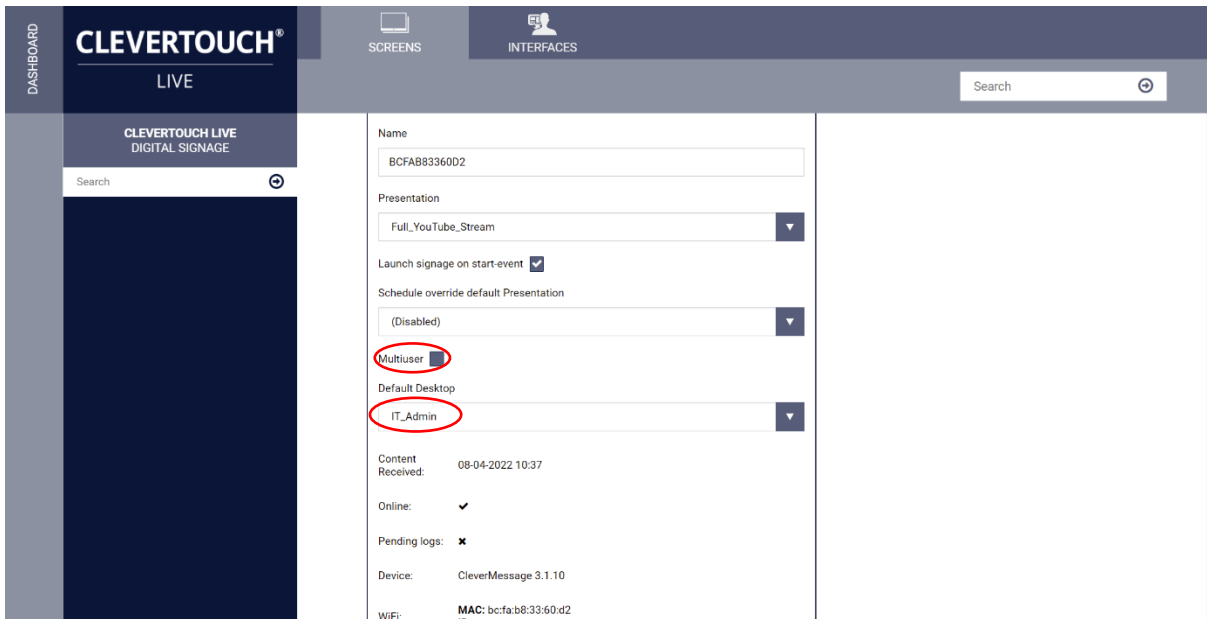

2. Select edit on the screen thumbnail

3. Select Advanced

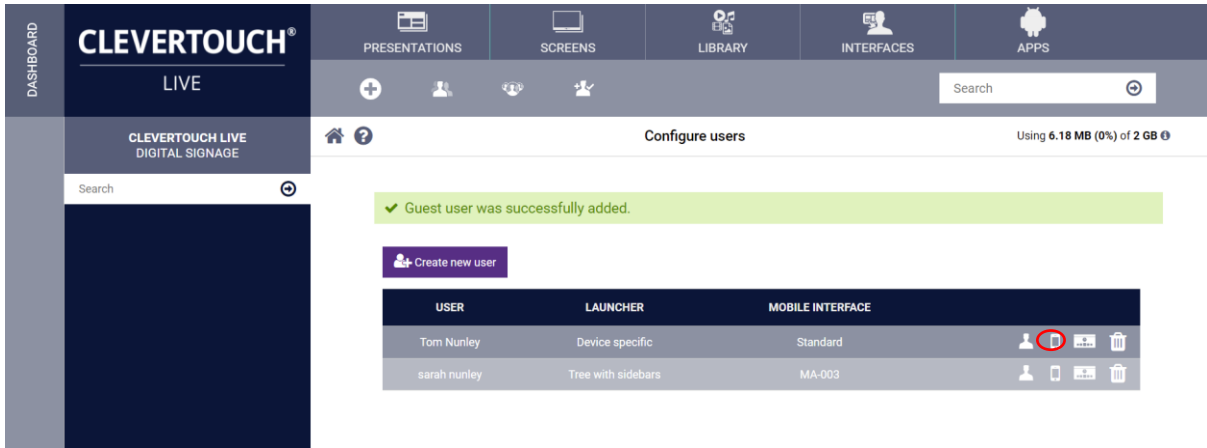

4. Select multi-user and choose a default desktop.

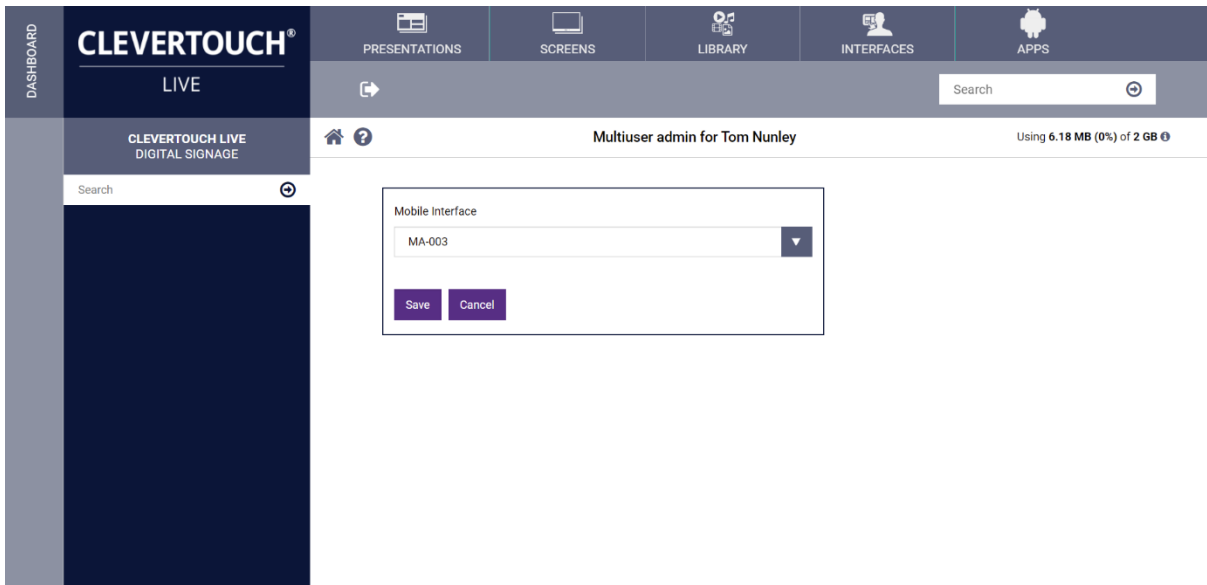

Assigning a Mobile UI

1. Select assign mobile UI

2. Select the mobile UI from the drop-down menu, click on save

3. The following screen appears with all the assignments

The screenshot displays the 'Configure users' page in the CleverTouch Live Digital Signage application. The interface includes a top navigation bar with tabs for 'PRESENTATIONS', 'SCREENS', 'LIBRARY', 'INTERFACES', and 'APPS'. Below the navigation bar is a search bar and a 'Configure users' section with a 'Using 6.18 MB (0%) of 2 GB' indicator. A green notification bar indicates 'Profile updated.' Below this is a 'Create new user' button and a table of users.

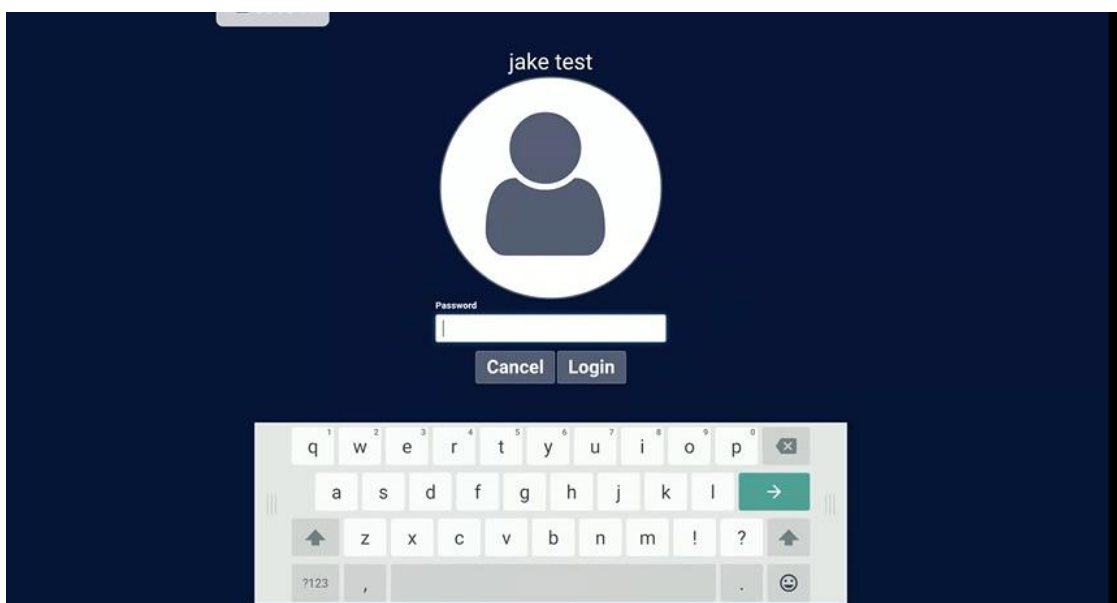

USER	LAUNCHER	MOBILE INTERFACE	
Tom Nunley	Tree with sidebars	MA-003	  
sarah nunley	Tree with sidebars	MA-003	  

Logging in With Different Profiles

1. Select the profile from the login screen

2. Insert the password

3. The Launcher that was associated with the user shows on the screen, select the arrow at the top-left of the screen to log out.
